Exchange experiences and engage with users of learning outcomes

Achieved objective: South Africans and Europeans exchanged views and experiences

Achieved objective: NQFs, curricula, occupational standards, assessment, etc

How they are currently used

Yes we have discussed this extensively

Written down but not necessarily used

Do we have a common language or a basis for a common language

How best to implement them

Number of debates about the way forward

Develop better conceptual understanding of learning outcomes

Better conceptual understanding

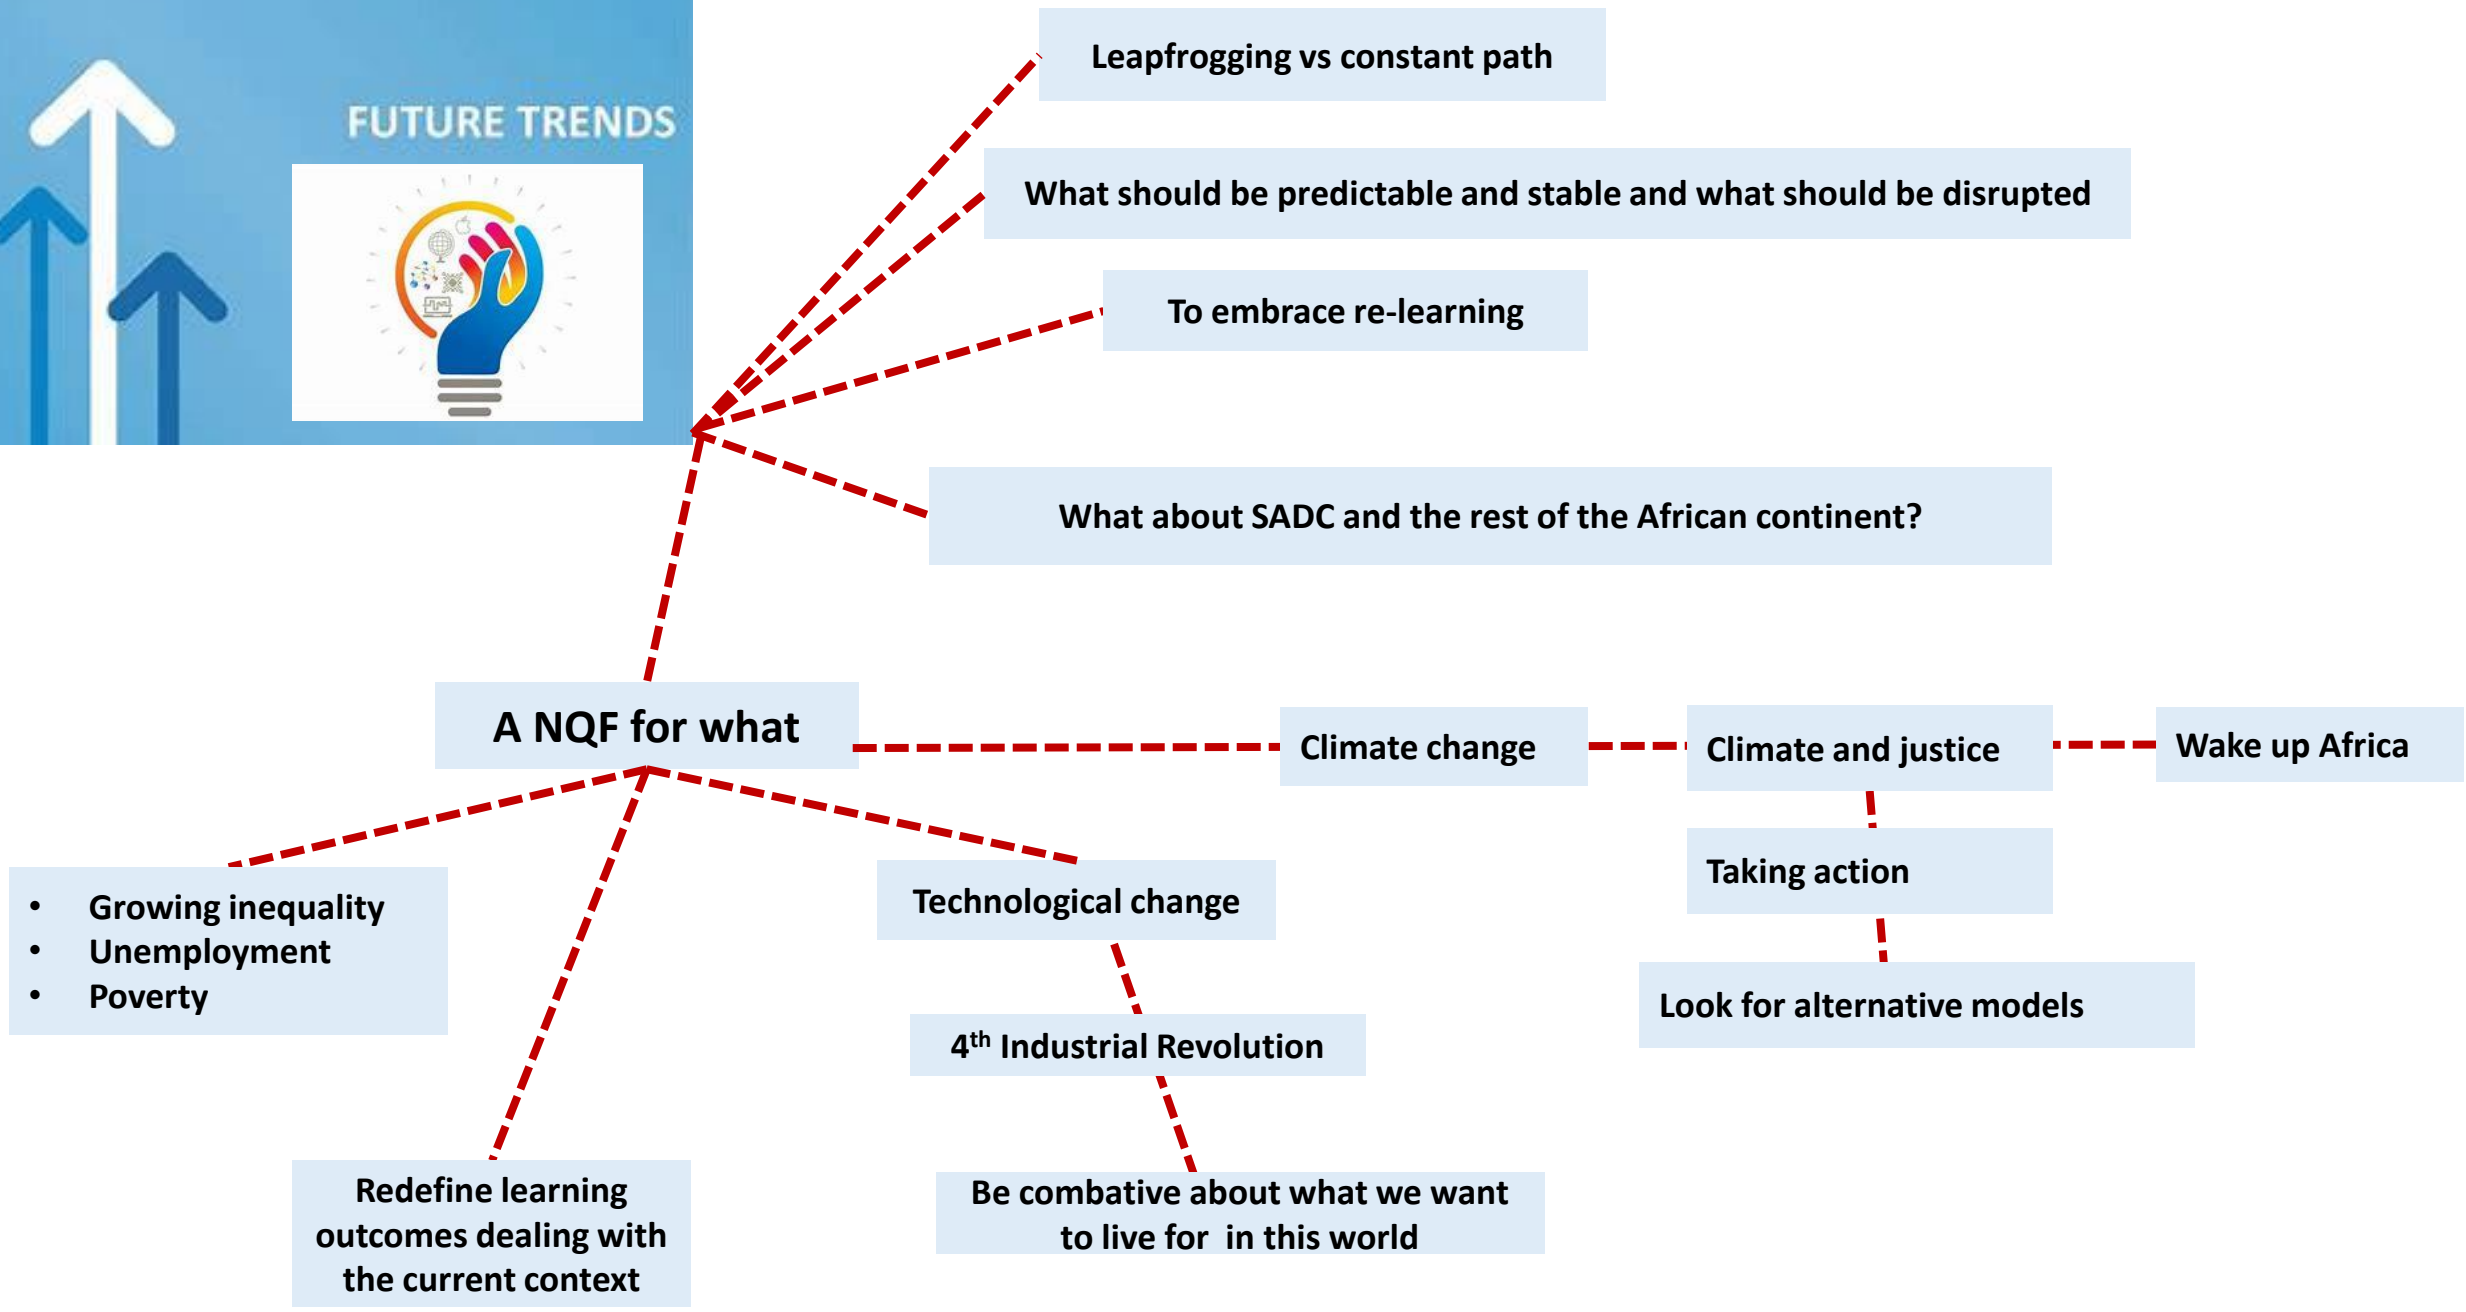

Conceptualisation and use of learning outcomes

Intended outcomes vs achieved outcomes

Important to have more conversations, and peer learning activities

# Peer learning

# Social construct

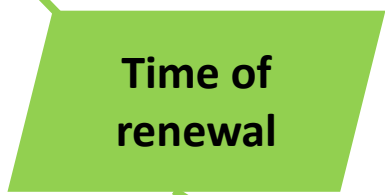

Set up portal for accessing information

Holding on and keeping out

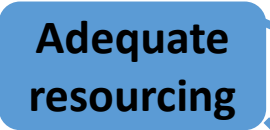

Include, empower gatekeepers with humanity

Peer learning activity, capacity building

RPL Conference, 12-14 May 2019

Having a national debate

Money may not come from the State

Creative ways of funding the Social Construct

And national agreement

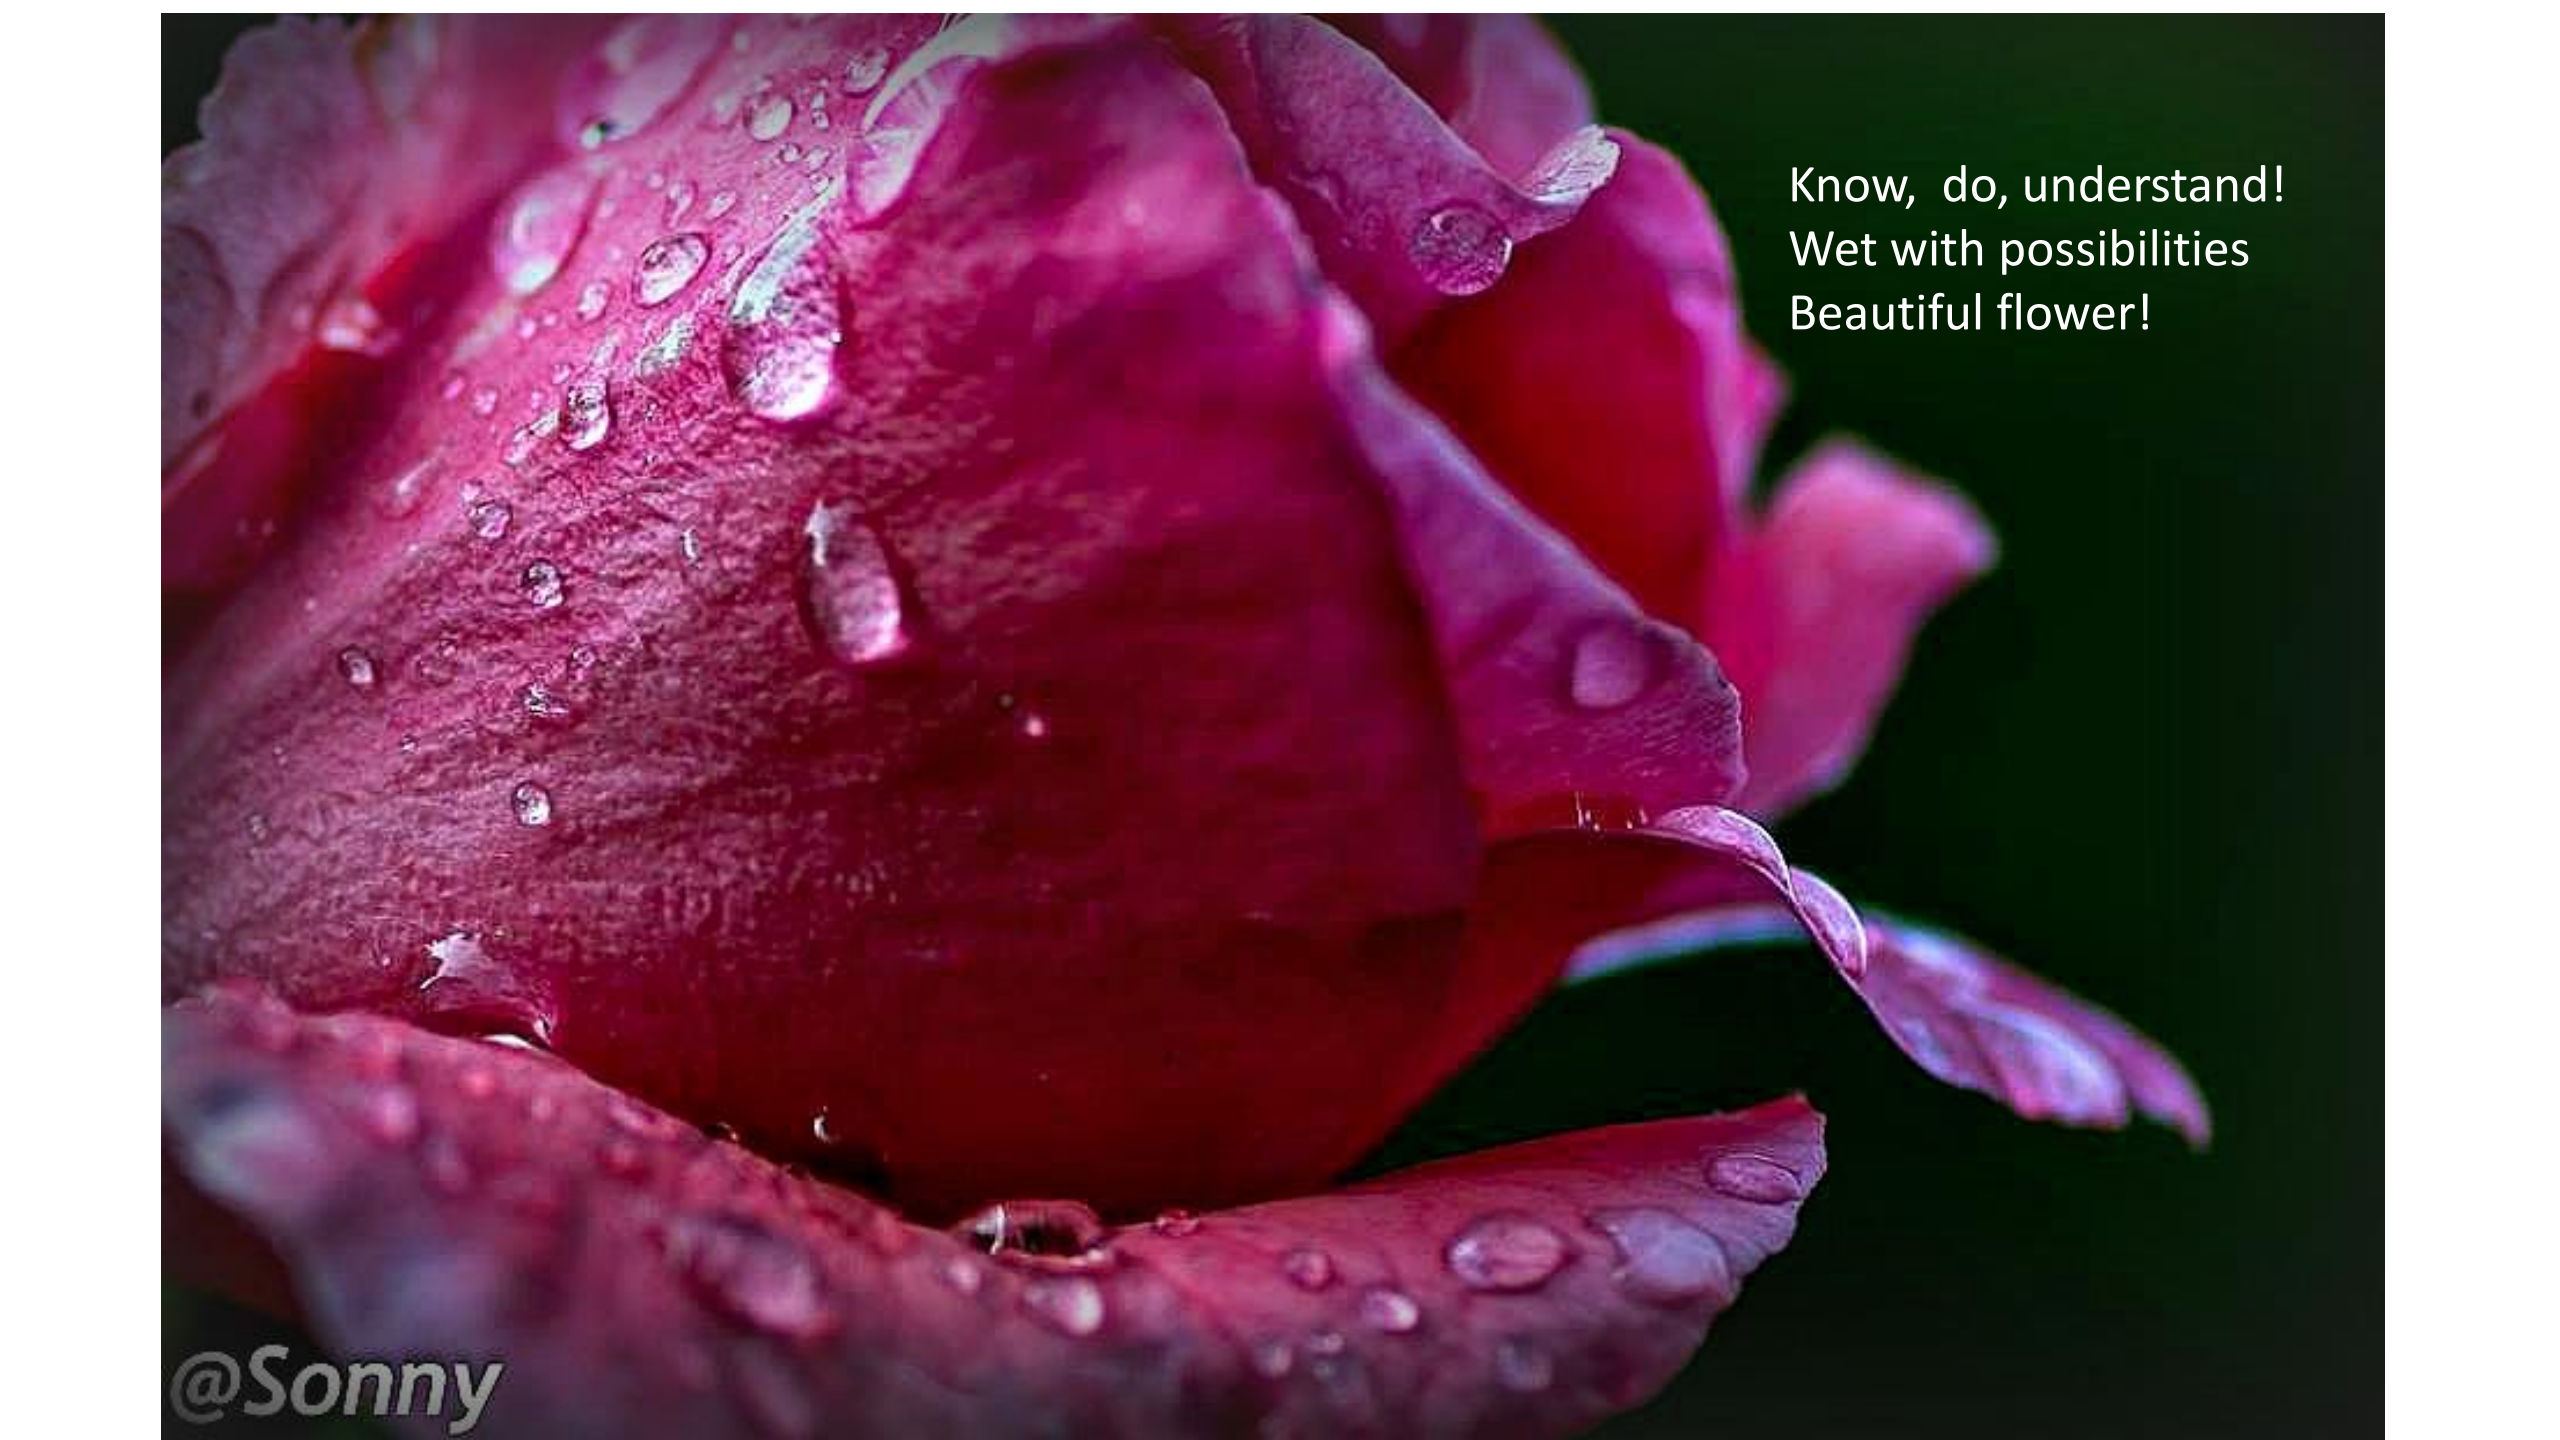

Conversations with young people

How do we use the learning outcomes approach to promote climate justice

What kind of learning outcomes do we need

From development to implementation

Know, do, understand!  
Wet with possibilities  
Beautiful flower!
