

## **REGISTRATION ON THE CENTRAL SUPPLIER DATABASE (CSD)**

1. National Treasury has established the CSD that serves as a single source of all supplier information for all **National, Provincial, Local government departments** and **State owned institutions**
2. All departments will start using the CSD from **1 April 2016** and therefore the supplier database maintained by **South African Qualifications Authority (SAQA)** will cease to exist on **31 March 2016**
3. All service providers currently registered on the SAQA supplier database are therefore requested to self-register their companies on the CSD website: [www.csd.gov.za](http://www.csd.gov.za)
4. For more information regarding the registration process, visit: [www.csd.gov.za](http://www.csd.gov.za)
